

MEETING TOGETHER - HEBREWS 10:19-25

What are some types of groups you've been part of in the past (e.g. Sport teams, special interest groups, mum's groups etc) and what's made them great or disappointing?

Read Hebrews 10:19-25

This passage has a cause and effect. It starts with some statements of what we have, which form the basis of how the writer wants to encourage us to live. He starts with two 'since' statements in verses 19 and 21. What are these reasons?

What does it mean to "draw near to God"? (v22)

The author draws 5 "Let us" applications because for what Jesus has done for us (v22-25). Divide these among small groups and work out for each:

- a. What is he saying?
- b. Why is he saying it? (What would a failure to do this look like?)
- c. How does that relate to our confidence in approaching God through Jesus?
- d. How can we express this at our growth group?

Present these back to the group for discussion.

As a group design a diagram or picture that illustrates Hebrews 10:19-25.

Finish in prayer for each other and your growth group for the year.
